PRESS RELEASE FROM THE PREMIER, MR. DUNSTAN.

INDUSTRIAL RESEARCH INSTITUTE COUNCIL.

18.12.72

Two leading South Australian businessmen have been appointed to the Council of the new Industrial Research Institute, the Premier and Development Minister, Mr. Dunstan, announced today.

They are: Mr. F.D. Hay, Managing Director of the S.A. Brush Co., and Mr. F.R. Green, Director and General Manager of Fairey Australasia Pty. Ltd.

The Council is the Institute's administrative body and has representatives from industry, research organisations, Government and tertiary institutions.

The Institute, set up twelve months ago, is co-ordinating the State's available industrial research capacity by liaison with existing research bodies and private industry.

Mr. Dunstan said the Institute was an integral part of the Government's total industrial development programme and would play an increasingly important role in helping S.A. industries secure a larger share of domestic and overseas markets.

"The services of Mr. Hay and Mr. Green will strengthen the Council and their expert business knowledge will be of great benefit to it", he said.
